EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allan Fanucci on 3/17/2010.

The application has been amended as follows:

In claim 1, line 6, please replace "along said core and projecting radially outwards beyond the circumferential side wall portion of said core" with --from the second end wall--.

In claim 1, line 9, after "formed," please add --with--.

In claim 1, line 9, after "fins," please add -- along said core and projecting radially outwards beyond the circumferential side wall portion of said core which are--.

The final version of claim 1 should read as follows:

A bone implant comprising:

- (a) a core having a first end wall, a second end wall and defining a centerline extending centrally of and between said end walls, and a circumferential side wall portion parallel and extending between said end walls;
- (b) at least two axially elongated projections,
- (i) extending from said second end wall
- (ii) being disposed at a uniform circumferential spacing from each other about the centerline,
